Product Catalog
For Generations of Healthy Families
We are an independent family owned and operated full-service pharmacy and home medical equipment company serving Northeast Massachusetts and Southern New Hampshire for more than 100 years. Located in Methuen, MA we take pride in our family friendly, hometown atmosphere. However, when you visit, you will notice our innovative approach to patient wellness and healthcare in addition to our traditional old fashioned person to person customer service.

Whether using a mobile device or prefer face to face service, we take great pride in offering our customers knowledgeable, expert pharmacy services, over-the-counter medications, home medical equipment and supplies. We work tirelessly to ensure every customer experiences complete satisfaction.

Shop with confidence knowing our experience and knowledge is there to help you. If you have any questions or if there is anything we can do to help with other health needs, please let us know. Contact us today and we will help you find the right product to fit your lifestyle.

We look forward to serving you for many years to come.

Dennis A. Conlin, President
Aids for Daily Living

Provide assistance to those with limited mobility, range of motion and difficulty bending.

Reachers/Grabbers
Durable aluminum, serrated gripper, opens to 3” wide. Magnetic tip retrieves small metal objects. Standard or folding models.

Standard Hip Kit
Six piece combo kit includes: basic sock aid, 26” standard reacher, 19.5” combo dressing stick and shoe horn, 22.5” long handle bath sponge, elastic shoe laces one pair each, black and white. Includes mesh carry bag.

Gait Belts
Ambulatory aid for easy patient transfer. Heavy duty cotton webbing, one size fits most, machine washable.

Sock Aid
Durable and easy to use with grasp loop handles. Nylon lined to reduce friction. Helps pull on socks or stockings without bending or raising leg.

Transfer Board
Oak hardwood board, cut out handle, sealed and polished for smooth transfer. Weight capacity 250lbs. Also available in lightweight plastic without hand holes.

Wheelchair Tray
Clear acrylic, universal size fits most wheelchairs with standard arms. Attaches easily with Velcro® straps.

Power Seat Lift
Electrically powered lift seat, for use on most armchairs and sofas. Gently raises and lowers user. Weight capacity 300lbs. Washable polyester cover.

Swivel Seat
360° turning capability, allows for movement in any direction. Polyfoam padded with removable cover. Weighs only 2.5lbs. for easy portability. Weight Capacity 300lbs.

Bed Tray
Sturdy, stable surface for eating, writing or reading. Two convenient side storage compartments, easy to clean. Assorted colors. Tray height is 8”.

**Protective Barrier Film**

**Skin Care**

Protective creams, barrier creams and wipes are designed to provide a waterproof protective layer between the skin and substances that can cause deterioration of the skin and alter its natural pH level.

---

Urinary incontinence is not a disease but it may indicate a problem with the urinary tract, and in some cases may require the use of catheterization. We have bi-lingual, Customer Service Associates and a full line of supplies.
Wheelchairs & Transport Chairs

Manual Wheelchair
Standard manual wheelchairs are the most frequently used wheelchair. Standard wheelchairs weigh over 35 lbs. without the front riggings, have a seat width and depth between 16 and 20 inches, and have fixed or detachable armrests. Almost all standard wheelchairs can support up to 250 lbs.

Sheepette Wheelchair Pads

Transport Chair
Wheelchair designed to only be propelled by another individual. Lightweight and easily folded for transport.

All-In-One Transport Chair/Rollator
Transitions quickly from a rollator to a transport chair allows user to walk, sit and ride. Weighs only 17.5 lbs and supports up to 250 lbs.

Wound Care

Low Air Loss Mattress
Control Unit includes two modes of operation:
Alternating
Alternating pressure provides the therapeutic benefit of reactive hyperemia and redistributes pressure well below 32mmHg.
Static
Static mode provides gentle low air loss with constant pressure redistribution and support. This allows nursing to perform patient care. Control dial adjusts mattress from soft to firm for patient comfort.
Low Pressure Alert and Auto Alarm System offers dual protection to notify caregiver in case of power outages or accidental disconnection of hoses. Optional digital pump. Shown with optional foot.

Sheepette Bed Pad
Dense, heavyweight, reduces pressure and prevents skin shear.

Alternating Pressure Pad
Effective weight distribution designed for the treatment and prevention of pressure sores. Medical grade PVC with antimicrobial fire retardant treatment.

Gel Overlay Pad
Offers maximum protection to guard against pressure sores. Soft, non-shear nylon cover reduces heat and moisture build-up. Fluid and stain resistant. Anti-microbial and fire retardant.

Elbow and Heel Pads
Synthetic sheepskin helps prevent skin shear, reduce pressure to prevent decubitus ulcers.

Foot Pillows
Provides pressure relief to feet, heels, and ankles.
Wound Care

Sterile Combine Pad
Highly absorbent with sealed edges to prevent leakage.

Surgical Sponges
Sterile or Non-Sterile, highly absorbent for general prepping, dressing and cleaning.

Telfa™ Bandages
Highly absorbent cotton with non-adherent film for healing tissue without sticking to wound.

Alcohol Prep Pads
Individually packaged, extra thick pads, 70% Isopropyl alcohol.

Cotton Roll
Non-Sterile, soft and absorbent, non-surgical bleached cotton roll.

Mepilex® Border Dressing
Shower proof with rapid sustained antimicrobial activity. Minimized pain and trauma at dressing changes.

Clear Tape
Hypoallergenic with superior skin adhesion.

Surgical Tape
Hypoallergenic with superior skin adhesion.
